Work Shoes

For those hard working guys, that are so hard to find something fun for, these little slippers say it all. But, from preschool to teenager, from businesswoman to grandmom, these slippers are a perfect gift for any occasion. Blanks can be purchases at most bed and bath stores. There are some wonderful waffle weave ones as well, and slippers in colors.

Hoop a piece of stabilizer that has a sticky top. Floriani Perfect stick is my favorite. Score the paper top in an X and pull back the paper to the outside edges of the hoop

Mark the center of both the right and left slipper. Choose slippers that are Velcro closing. You can find them at most any bed and bath department, or on line several places.

Center your design in the hoop. Depending on your hoop you can use the mark lines, mark the stabilizer, or make a template. Center your design. And embroider.
