

Winter Pocket Scarf

Make a wonderful little scarf to tuck mittens or hands into to keep safe and warm.

Embroider your designs on 2 pieces of matching fabric.

Use the mirror image feature on your machine to add a bit of fun. When finished add a fusible no show mesh stabilizer to the back.

Now using a fabric to match your scarf and putting right sides together sew the sides and top leaving the bottom open to turn.

Clip the corners, turn right side out and iron.

Add a bit of trim to the bottom if desired. Pin the pocket to the scarf and sew around three sides leaving the top open. You can also place the pocket higher on the scarf and fringe the ends. A PERFECT place for mittens, or treasures.
