

TEA KEEPER

Make a soft little keeper to hold your favorite flavor of tea bag and your own favorite teaspoon.
Perfect for travel, or makes a wonderful gift with a pretty teacup and saucer.

Using glitter felt and Floriani stitch and tear embroider design. This particular design is set so you have lots of choices for colors or can be left in just minimal colors as shown. This makes it able to be used in any décor or season.

After stitching remove most of stabilizer from back. Add a second piece of felt to the back right side out. Sew from top edge straight down to curve in corner and across bottom leaving a small opening for the handle of the spoon.

Clip close to stitching all around, fill with your favorite tea bag and a special spoon and you have a wonderful little tea keeper. May the warm scent of the tea bring peace to your heart and a memory to share with your friends!
